

Western Australian Psychotropic Drugs Committee (WAPDC)

TERMS OF REFERENCE

WA Psychotropic Drugs Committee Terms of Reference are,

- To develop guidelines for the use of psychotropic medications in Western Australia.
- To provide advice to the Western Australian Therapeutic Advisory Group (WATAG) regarding psychotropic medications and their usage.
- To consider and respond to requests from the Chief Psychiatrist or the Division of Mental Health generally for advice on drug matters related to psychiatric illness. In undertaking this task WAPDC may provide advice directly to the Chief Psychiatrist or Division of Mental Health without involvement of WATAG but the advice will be minuted routinely.

(WAPDC is constituted as a sub-committee of WATAG)
